## The Editor's Pick of the Week is The Rusty Bucket in Apex

The Rusty Bucket makes me feel as if I just walked into my grandmother's home. "Cozy country" describes it perfectly. Their mission statement is "Furnishings and accessories for the cozy country home, adding warmth and individuality to your country decorating style – where shopping takes you back to the old home place." Here you will find antiques, antique reproductions, primitives, early American styles, furniture, appliances, folk art, candles, figurines, local crafters, and NC food products. You really could spend hours here! This is one place you have to visit! For more info visit [www.therustybucket.biz](http://www.therustybucket.biz) or call 919.290.2575.
